JANUARY

ELECTRICITY: GET CHARGED UP @ AMSE

Have an electrifying time when you generate power with a saltwater battery, and explore conduction and resistance with a hand crank generator.

Date: Saturday, Jan 12, 1:30 - 3:00 Grades 3 - 4

Date: Saturday, Jan 26, 1:30 - 3:00 Grades 5 - 6

FEBRUARY

IT'S A BIRD'S LIFE

Build a bluebird house, investigate how bird beaks are used as tools, and more feathered fun. (Must bring your own hammer) Class size limited to 12.

Date: Saturday, Feb 9, 1:30 - 3:00 Grades 3 - 4

Date: Saturday, Feb 23, 1:30 - 3:00 Grades 5 - 6

MARCH

REDUCE, REUSE, RE-MAKE PAPER

Discover the science of recycling paper, then use the newly made paper to create various art projects.

Date: Saturday, March 8, 1:30 - 3:00 Grades 3 - 6

APRIL

CO₂ & YOU

Explore the chemistry of carbon dioxide. We'll investigate the microscopic world of yeast, measure your lung capacity, and discover other uses of CO₂.

Date: Saturday, April 5, 1:30 - 3:00 Grades 3 - 4

Date: Saturday, April 19, 1:30 - 3:00 Grades 5 - 6

MAY

Investigating Insulation

What keeps you house warm? How can you keep your drink cold? Join us as we investigate the science of insulation.

Date: Saturday, May 3, 1:30 - 3:00 Grade 3 - 4

Date: Saturday, May 17, 1:30 - 3:00 Grades 5 - 6

Call the Discovery Shop to reserve your spot (865) 576-3229
